SHUYI TECH PVT. LTD.

With over 90 vibrant colours to choose from, SHUYI offers a versatile solution that caters to both creative expression and professional demands. Its easy-to-apply, multi-purpose formula eliminates the hassle of outsourcing, saving you time, energy, and extra costs. Whether you're unleashing your artistic side or tackling a work project, Cosmos delivers a convenient, all-in-one paint solution that meets every need with ease.

MULTIPURPOSE SPRAY PAINT

Rubber

Glass

Clay

Metal

Plastic

Wood

Directions for use:

1. Ensure the surface is clean, dry and free from oil, grease or rust.
2. Sand the surface with a sanding paper for a smooth finish.
3. Cover adjacent areas to protect from spray mist.
4. Shake the can vigorously before use till you hear metal ball sound in order to ensure colour uniformity and to prevent clogging.
5. Press spray nozzle firmly and spray from a distance of 15cm.
6. Apply 2-3 coats of SHUYI spray in a stroking motion. Recommended time between coats is 5-10 minutes.
7. Clean the spray nozzle post use by inverting the container and spraying in 2-3 short bursts. If clogging persists rinse it with thinner.

We offer custom colour shades, specially formulated to meet each customer's specific requirements with precision and quality.

***MOQ. minimum 50 cans**
